REFERENCE LETTER

I am pleased to provide references to summ-it® sp. z o.o. as a provider of comprehensive IT solutions, with particular emphasis on service in database systems area and collaboration tools in the public cloud. The company reliably provides outsourced services, proactively ensuring the implementation of all guidelines arising from the scope of work ordered.

As part of our ongoing cooperation since 2018, we've completed a number of projects in areas such as:

- A comprehensive audit of Microsoft licenses, which verified the correctness of licensing and optimized the use of resources in the organization.
- Software development on the SharePoint platform, including creation of dedicated applications and migration of workflow processes.
- Office 365 platform support.
- Microsoft licenses delivery.
- Comprehensive MDM Intune implementation throughout the organization.

As part of the implemented projects, all employees of the company were characterized by commitment, professionalism and experience, which guaranteed the achievement of the expected results.

Żabka Polska Sp. z o.o. appreciates the diligence and knowledge of summ-it® consultants and recommends the company as a reliable and valuable partner.

Best regards,

Michał Masłowski
Senior IT Service Operations Manager
